

First Aid to Save a Life Pakistan

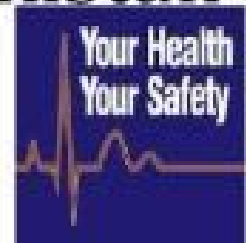

Presents

CPR for All (Adults, Children & Infants) Community Training Program

First Aid to Save a Life! Pakistan

First Aid
Saves
Lives +

Course Introduction:

CPR for All (Adults, Children & Infants) is a community focused, comprehensive training program in emergency resuscitation for the community groups and organizations, medium and high grade students and lay rescuers of all ages. It is designed to teach students how to perform resuscitation for patients of all ages who are victims of Sudden Cardiac Arrest (SCA), as well as those who are unresponsive or choking. This course is based on the latest guidelines released by American Heart Association, American Red Cross and other renowned organizations.

This course will help students to gain CPR skills, and confidence necessary to manage a medical emergency until more advanced help is available.

First Aid to Save a Life Pakistan is committed to quality of education and training which involves using premises that are conducive to learning and focusing on professional conduct of our trainers. We are committed to provide a sufficient range of equipment and training supplies to support all elements of the training program and effective learning.
